

Dear Reader,

Welcome to the April issue of the Mobility Connection newsletter! I am excited to share some exciting news with you, about what we have been up to...

Our look and feel may have evolved but our service and values remain unchanged...

Over the last couple of weeks we have been busy transforming the look, feel and content of our site, www.mobilecom.com. We are proud of our updated internet presence and wanted to share it with you!

The following sections have been updated to include new information, features and reference materials:

- Corporate news – About us
- Product and Solution overview
- Industries Served
- Services
- Blog

Our new site will provide you with key information, industry news, trends in technology and valuable tools to assist when selecting or considering a field mobility solution, a new solution partner or just looking to add functionality to your existing solution.

MCC will be updating and adding articles, case studies, news and our social content regularly, so be sure to bookmark us and visit us often!

As always, I welcome all comments and look forward to your continued feedback!

Sincerely,

Mike

Mike Macaro

Director, Business Development
